

IPOKRATES Foundation Clinical Seminar

Novel diagnostic and treatment options for rare paediatric endocrine diseases

March 6 – 8, 2017

IATRIKO KENTRO (Athens Medical Center), Conference Center, Philadelfeos & 1 Kefalariou Str., Kifissia, Athens, Greece

Objectives

IPOKRATES seminars provide high quality postgraduate education which enable professionals to keep abreast of the most recent developments and offer participants the opportunity to discuss clinical problems or scientific issues personally with international experts. This seminar offers a comprehensive update on novel diagnostic options and treatments in rare diseases in paediatric endocrinology, bone and diabetes.
