Dear Colleagues,
Dear Friends of Neonatology and IPOKRATES!

The Neonatal Team of Children's Hospital Passau gladly welcomes you to have some exciting days in Bavaria – the Land of Quality and Innovation.

The most excellent professors of the world offer you instructive lectures, as you see from enclosed program. They offer you up-to-date theoretical knowledge as well as hot practical topics. Furthermore, you can have a fascinating foresight in current philosophy & research in Neonatology.

After our seminar you can choose additionally from great Workshops, like aspects of pitfalls and practical application of LISA / building up a Human Milk Bank / patient safety in Neonatology.

You will be also able to visit our newly opened Family-Integrated-Care Newborn Center in Passau.

IPOKRATES seminars are always great places for making friends and exchange brilliant scientific ideas. The limited number of participants guarantees direct contact to the lecturers and to the colleagues. To make it more pleasant, we are delighted to invite you to join our social programs in the evenings. Our beautiful Passau – the town of three rivers – with its two thousand years history, richness of culture and lovely landscape will be a perfect scene for this IPOKRATES seminar.

If you have any questions or need help by traveling / accommodation do not hesitate to contact our Congress Office.

We hope to see you soon at the IPOKRATES seminar in Passau!
