

International Conference on Surgical Neonatology

Sat 8th – Sun 9th March 2025

Preconference workshops on 7th March

Venue: State Library of New South Wales Sydney, Australia

Oral presentation of research papers: 8 March 2025

Serial Number	Name of speaker	Title	Time
1	Prakash Agarwal	Laparoscopic fundoplication in infants and children: long term outcomes	11.40 am
2	Ferdiana Komang	Basic Bedside Hemodynamic Monitoring in Early Emergency Separation of Parasitic Conjoined Twins: A Case Report	11.50 am
3	Monika Bawa	Tracheoesophageal fistula-the earlier the diagnosis, the better the outcome!	12.00 pm
4	Joyces Wong Lee Mei	Dual Pathology in a Neonate - Concurrent Duodenal and jejunal-ileal atresia in a premature infant: A rare case report and literature review	12.10 pm
5	Pratiwi Astrid	Modified Rapid Sequence Intubation in Emergency Laparotomy for Neonate with Distended Abdomen: A Case Report	12.20 pm
6	Preet Agarwal	Laparoscopic assisted management of neonatal ovarian cysts	12.30 pm
7	Shubhalaxmi Nayak	Laparoscopic median sacral artery ligation for sacrococcygeal teratoma	12.40 pm

Oral presentation of research papers: 9 March 2025

Serial Number	Name of speaker	Title	Time
1	Deepika Wagh	Topical glyceryl trinitrate to increase radial artery diameter in neonates: a randomized controlled trial	1140 am
2	Georges Tinawi	Neonatal chyme reinfusion practice: Lessons learnt in New Zealand	1150 am
3	Fiona Taverner	Caudal block, high flow oxygen insufflation and dexmedetomidine sedation for inguinal hernia surgery in infants – a prospective evaluation of an alternative anesthesia technique	1200 pm
4	Madhu Shivamallappa	Type 3 Laryngo-Tracheo-Esophageal Cleft Masquerading as Laryngeal Cleft and Tracheoesophageal Fistula – A Case Report	1210 pm
5	Shrikesh Singh	Neonatal Intestinal Obstruction: Etiology, Management, and Outcomes in a Tertiary Care Center	1220 pm
6	Chandra Rath	Peritoneal drainage versus laparotomy as initial surgical treatment for perforated necrotising enterocolitis or spontaneous intestinal perforation in preterm very low birth weight infants	1230 pm
