

Clinical Seminar

State of the Art in the Prevention and Treatment of Neonatal Pulmonary, Brain and Gastrointestinal Disease

Courtyard by Marriott, Avram Iancu Street, 23-25
Cluj Napoca, Romania
14th - 16th November 2024

Objectives

IPOKRATES seminars provide high quality postgraduate education which enables professionals to keep abreast of the most recent developments and offers participants the opportunity to discuss clinical problems or scientific issues personally with international experts. The seminar represents an important opportunity to remain up to date in daily clinical practice for the most important pathology from neonatology.
