

Clinical Seminar 2024 Guangzhou International BPD Forum

 Yuexiu International Conference Center, Guangzhou,
Guangdong Province, China
19th - 20th January 2024

Objectives

IPOKRATES seminars provide high quality postgraduate education which enables professionals to keep abreast of the most recent developments and offers participants the opportunity to discuss clinical problems or scientific issues personally with international experts. The aim of this program is to share best practice and knowledge about the care of the child with bronchopulmonary dysplasia (BPD).

Lectures will include discussions on:

- Respiratory strategies
- Adjunctive medications e.g. steroids and nitric oxide
- Supportive care e.g. nutrition, fluid management
- Collaborative multidisciplinary care
- Home management
