

IPOKRATES

Clinical Seminar

Foundation

Perinatal Practices, Microbiota and Neurodevelopment

Ciudad de Panamá, Panamá
October 25 – 26, 2018

Objectives

IPOKRATES seminars provide high quality postgraduate education, which enable professionals to keep abreast of the most recent developments and offer participants the opportunity to discuss clinical problems or scientific issues personally with international experts. This seminar is designed to provide participants with up to date information relevant to care in the delivery room, management of gastro-intestinal disorders and nutritional care problems, mainly in prematures.
