The BEST of IPOKRATES: an UPDATE in NEONATOLOGY

Stazione Marittima, Naples, Italy
November 19 – 22, 2019

Objectives

IPOKRATES seminars provide high quality postgraduate education, which enables professionals to keep abreast of the most recent developments and offer participants the opportunity to discuss clinical problems or scientific issues personally with international experts. This seminar offers a comprehensive update on important problems, pathophysiology, clinical assessment, management and care in the premature and mature newborn.
